Warrant for Annual Meeting

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Wilton in the County of Hillsborough and State of New Hampshire, qualified to vote in town affairs:

You are hereby notified to appear at the Town Hall in said Wilton, on Tuesday, the 14th day of March next at nine o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers.

2. To hear the reports of town officers, agents and committees and pass any vote relating thereto.

3. To see if the town will grant the free use of the town hall for the following purposes: Roy Bent Post No. 10, American Legion, the Wilton Fire Department for their annual party, the Roy Bent Post No. 10, American Legion, for Memorial Day exercises, Boy Scouts and Centennial Committee for 200th anniversary celebration.

4. To see if the town will vote to authorize the selectmen to borrow money in anticipation of taxes.

5. To see what action the town will take in regard to real estate taken over by the town for nonpayment of taxes.

6. To see if the town will vote to accept the budget as prepared by the budget committee or make any alterations relating thereto.

7. To see if the town will vote to discontinue, subject to gates and bars, the section of highway beginning at a point on route 101 alternate, near the Livermore bridge and ending on route 101 opposite the Wilton Center schoolhouse.

8. To see if the town will vote to rescind the action, taken at the town meeting held March 12th, 1935 relating to the adoption of the Town Budget Law or take any action relating thereto.

9. To see if the Town will vote to raise and appropriate the sum of $190.00 to the Monadnock Region Association in Southern New Hampshire for issuance and distribution of printed matter, newspaper and magazine advertising, calling attention to the resources and natural advantages of the town, in co-operation with the other thirty-seven towns in the Monadnock Region, or take any action relating thereto.

10. To see what action, if any, the town will take in regard to discounting taxes.

11. To see what action, if any, the town will take relative to additional forest fire fighting equipment due to the hazard of hurricane debris and raise and appropriate money therefor.

12. To see if the town will vote to have the names of persons receiving town aid published in the town reports.

13. To see if the town will vote to raise and appropriate the sum of Two Hundred and Fifty Dollars for the use of the Planning Board, or take any action relating thereto.

14. To see what sum of money the town will vote to raise and appropriate to defray town charges for the ensuing year, including town officers' salaries and expenses, election and registration, town hall, police department, fire department, health department, vital statistics, sewer maintenance, town road aid, town maintenance, town forest, planning board, parks and playgrounds, cen-

tennial committee, new equipment, street lighting, municipal court, town poor, old age assistance, aid to soldiers and their families, Memorial Day, cemeteries, interest, W. P. A. project, bonds, long term notes, state and county taxes, Monadnock Region Association, and miscellaneous items.

15. To transact any other business that may legally come before said meeting.

Given under our hand and seal, this 27th day of February, 1939.

R. A. TUTTLE,
D. J. BARRY,
J. E. BURKE,
Selectmen of Wilton, N. H.

Report of Water Commissioners

Except for a few days the supply of water for the past year has come from the old reservoir, and reports from the state laboratory show that it was of good quality.

The usual leaks of hydrants etc. have been repaired.

About fifteen hundred dollars has been added to the Wilton Water Works valuation on account of repairs and improvements to the dam and abutments.

After the September hurricane the water commissioners petitioned the W. P. A. for funds to assist on repair of dam and reservoir. This request was granted, and on October 15 work was started on the project and completed on December 6, 1938. The expense of these various repairs were as follows:

Expended by the Wilton Water Works	$982 46
Expended by the W. P. A. for labor only	538 40
Making a total of	$1520 86

L. N. CENTER,
P. J. DUGAN,

Report of Municipal Court

WILTON, N. H.

The Municipal Court resumed operations upon my re-appointment as Justice on February 17, 1938. During the remainder of the fiscal year forty-six cases were brought before the Court, consisting of thirty-eight criminal cases, two juvenile cases, five petitions for five-day marriage waivers and one civil action. Twenty-four of these cases involved local persons and twenty-two out of town. The criminal cases consisted of ten auto violations, seven drunks, seven fish and game violations, five assaults, one breaking and entering, one larceny, one liquor violation, one bastardy and five miscellaneous offenses.

I herewith submit the usual

FINANCIAL REPORT

Report of Fire Department

During the past year the Department was called to answer 48 still alarms, mostly for chimneys. Also responded to nine alarms, two of these being false and two others for out of town aid; one call to Lyndeboro, and assistance was rendered to the Town of Peterboro during the September hurricane.

We have been very fortunate regarding fires in the past few years, but we wish to call to your attention that eternal vigilance is the price of safety, two inspections a year having been made of the conditions on the main street. We are of the opinion some improvement could be made in several of the business blocks. The cleaning of chimneys once or twice a year would greatly reduce fires of that character.

The entire outfit is in first class condition and ready to respond at any time, night or day. A slight accident occurred to the No. 2 machine when responding to a brush fire at Davisville, causing some expense to repair the same. However, as no blame can be placed upon members of the Department and as the pumper is again in commission as good as new, we will have to blame it on the hurricane.

At this time we wish to thank the public for their many acts of kindness in the past.

Board of Engineers: W. E. Hickey, Chief; George G. Draper, Assistant Chief; Harold Harwood, Assistant Chief; Erland H. Frye, Steward.

Report of Vale End Cemetery Committee

The committee for care of Vale End Cemetery carried on the work from the previous year.

The general maintenance was more easily done this year as much of the wild cranberry has been removed and mowing and other work was faster.

The perpetual care lots were in our charge and these lots were well cared for.

During the year ten lots were made over so they could be cared for to better advantage and also to make them grass covered. There is but one sand-top lot left in the yard.

Mr. Archie Thompson served as caretaker for us and through his interest much improvement was made in this oldest cemetery.

The hurricane did some dame. One stone was badly broken and several of the old pines were blown down. The yard was cleared of most of this debris and is ready for general maintenance another year.

We list below an itemized account of the equipment at the cemetery. Also expenses and receipts for the year.

Equipment at the Yard:

1 Myers Electric Pump
1 Road Scraper
1 Lawn Mower (new 1938)
1 Scythe and Snath
1 each Hedge and Grass Shears
1 Sickle
4 rakes
1 Roll Lead for Stones

Expenses for the Year:

Archie Thompson, labor	$139 76
C. Locke, labor	6 40

A. Dick, labor	6 40	
H. Glines, mower and horse	12 00	
E. Balcom, labor	5 20	
K. Thompson, labor	3 60	
D. Balcom, labor	3 20

Report of Town Forest Committee

During the past year the Selectmen, through an oversight, sold the conifer trees on the Harvey W. Fry town forest lot on Route 101 without consulting the Town Forest Committee or securing the permission of the State Forester as the deed stipulates. This action by the Selectmen was taken in good faith as they believed that many or all of these trees might be blown down by a heavy wind or storm due to the loss of the protection afforded them by the heavy growth back of them which had been cut off. Their opinion was probably vindicated by the hurricane of September which would have undoubtedly blown down the trees that were cut.

Your committee knew nothing of the cutting until the trees had been cut and then Mr. Frye called our attention to the matter. Your committee then got into immediate contact with the State Forester and the whole matter was investigated by the State Forester and plans made to make such amends as were possible.

In September the hurricane blew down some of the remaining trees and after that with the consent of the State Forester the committee had the entire lot cleaned of all slash, fallen trees, brush along the brook and a few trees near the top edge of the embankment which endangered the safety of the highway. The cord wood was sold for $25.50 and the proceeds turned over to the Selectmen together with the money received from the sale of the logs originally cut amounting to $125.00.

It is the plan of the committee to set out the entire lot with young pine or spruce under the direction of the State Forester.

The committee recommends that the money received from the sale of the logs and the cord wood,

after paying expenses of clearing the lot, be set aside for the use of the committee for planting new trees and erecting at a moderate cost suitable marker or markers showing the lot to have been donated by Mr. Frye, and for other Town Forest uses.

Respectfully submitted,

HAROLD D. CHEEVER,
PHILIP C. HEALD,
J. E. BURKE.

January 31, 1939.

GRAVE FOREST SITUATION FOLLOWS SEPTEMBER HURRICANE

Woodland problems of timber salvage and fire control created in many towns by the September hurricane are of the greatest importance. GOOD CITIZENSHIP CALLS FOR PERSONAL AND WIDESPREAD ACTION!

The salvage of every thousand feet of logs which can be sold means money for landowners, wages for workers, employment for trucks, teams and machinery, as well as reduced forest fire hazard for all. If owners of windthrown timber have not yet acted, they should communicate with those who can help. TOWN CHAIRMEN are fully informed; STATE ADVISORY AGENTS can help to start logging by suggesting names of operators and giving other useful advice; FEDERAL AGENCIES are increasing the number of log storage places as rapidly as possible. INDIVIDUALS MUST NOW COOPERATE!

Forest fire danger for several years will be greater than usual. So much work must be done by public agencies to reduce hazard along roadsides, near improved and other exposed areas that many places will remain hazardous for some time to come.

INDIVIDUAL LANDOWNERS MUST TAKE A PERSONAL INTEREST! Aid in clean-up work through the Agricultural Conservation Program is available to any woodland owner at $4.00 per acre on areas up to 15 acres. The County Agent should be consulted.

Support your local Forest Fire Wardens and Deputies. They are planning, with State and Federal agencies, an intensive campaign to control fires. Help them by strict observance of the fire laws. Kindle no open fires without a permit from the Warden except when the ground is covered with snow. Cooperate by reporting fires you may see and in other ways. Fire fighting tool supplies are inadequate and should be reasonably increased by many towns. YOU CAN HELP, AND IT WILL PAY, TO PREVENT FOREST FIRES!

Report of Parks and Playgrounds Commission

During the past year considerable progress was made on the Whiting Park project. The major part of the grading was finished (after the plans were somewhat altered to save expense), grassed and gravel walks laid out and finished. During the coming year there will be some expense necessary to keep the grass mowed and gravel walk kept in condition. Your committee recommends that a modest start be made in setting out trees and shrubbery called for by the plans which were accepted when the Park was accepted by the Town. It has been suggested that there might be some citizens of the town who would donate the cost of one or more trees and shrubs to be used in this work and this would be very acceptable and appreciated by the Committee and would hasten the completion of the project. Any person interested in helping out in this manner is requested to consult with any member of the Commission.

While the cost of maintenance of the park is an unknown quantity your committee believes that an appropriation of Five Hundred Dollars would cover all the cost of maintaining the park in a suitable manner and also be sufficient to make a start in the planting of trees and shrubs. We would therefore recommend that the Town raise and appropriate the sum of Five Hundred Dollars for this purpose.

Respectfully submitted,

DANIEL R. BATCHELDER,
HAROLD D. CHEEVER,
J. ELMER DRAPER,
Park and Playground Commission.

ROTARY CLUB OF PETERBOROUGH, N. H.

October 14, 1938.

Chief of the Fire Department,
Wilton, New Hampshire.
Dear Sir:

The Peterborough Rotary Club, in behalf of its members, and the citizens of Peterborough, wishes, in this way, to express its appreciation to the Wilton Fire Department for coming to Peterborough on the night of September 21 and helping to check the greatest conflagration which Peterborough has ever known. For the work done in keeping the fire within bounds and standing ready should fire spread to the east side of the Contoocook river the people of this town are very grateful.

We all realize the great handicaps with which you were faced in getting here and after you got here and in view of these our thanks are most sincere.

We certainly hope your community will never face such a disaster as ours did, but should this ever happen, I know that the Peterborough Fire Department, as well as citizens of this town, will stand ready to help you.

Very sincerely yours,
THE PETERBOROUGH ROTARY CLUB,
Dane P. Cummings, Secretary.

Report of Auditors

February 18, 1939.

Selectmen, Town of Wilton:

We have completed our audit of the books of the various officers of the town for the year ending January 31, 1939 and find them in good order.

The records of the Trustees of the Trust Funds, Trustees of the Wilton Public Library, Trustees of the E. A. Newell Book Fund and Judge of the Municipal Court have all been checked and found correct.

We have gone over the records of the Water Commissioners for sales, receipts and uncollected balance as of January 31 and found them to be correct. Collections were properly turned over to the Treasurer regularly. Town Clerk's records on registrations of automobile and dog licenses have been checked and found correct and collections turned over to the Town Treasurer.

The warrants, receipts and uncollected balances of the Tax Collector have been checked and found to be correct. The uncollected accounts of the Tax Collector and the Town Water Commissioners are being verified by sending individual notices to each debtor.

The records and reports of the Selectmen and the Town Treasurer have been checked and found correct. All invoices paid were on file and properly vouched for.

We very much appreciate the cooperation of the Town Officers in presenting their records for audit so promptly and congratulate them on their appearance.

Yours truly,

JOHN T. HURLEY,
PAUL V. HERLIHY,
Auditors of the Town.

SCHOOL CALENDAR

1938-1939:

January 4 to February 17	6½ weeks
February 27 to April 14	7 weeks
April 24 to June 9	7 weeks
High School to June 16	
High School graduation, Friday June 16	
Holiday: May 30	

1939-1940:

September 5 to November 28	12 weeks
December 4 to December 22	3 weeks
January 2 to February 16	7 weeks
February 26 to April 12	7 weeks
April 22 to June 7	7 weeks
	36 weeks

Holiday: May 30

BUDGET—1939-1940

Estimate of proposed expenditures in the School District of Wilton for the fiscal year July 1, 1939 to June 30, 1940, and recommendations of sums to be assessed, including statutory requirements.

ESTIMATED EXPENDITURES

Salaries of district officers	$ 200 00	
Superintendent's excess salary	600 00	
Truant officer & school census	50 00	
Expenses of administration	450 00	
Teachers' salaries	17,300 00	
Textbooks	450 00	
Scholars' supplies	800 00	
Flags and appurtenances	10 00	
Other expenses of instruction	450 00	
Janitor service	1,150 00	
Fuel	1,150 00	
Water, light, janitor's supplies	650 00	
Minor repairs and expenses	2,000 00	
Medical inspection and health supervision	625 00	
Transportation of pupils	3,100 00	
Other special activities	100 00	
Insurance	715 00	
New equipment	400 00	
Payment of principal of debt	2,000 00	
Payment of interest on debt	242 50	
Per capita tax ($2 per pupil)	700 00	
Total estimated cost of operation of schools		$33,142 50

ESTIMATED REVENUE

From Sources Other Than Taxation:	
State aid	$753 00
Dog licenses	300 00

Howard and Spaulding Funds	625 00	
High school tuition	720 00	
Other receipts	100 00	
		2,498 00
Total Assessment for School District		$30,644 50

GEORGE S. PROCTOR,
DANIEL R. BATCHELDER,

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Wilton:

I respectfully submit my sixteenth annual report as Superintendent of Schools.

Supervision

In my report of last year, I stated that we were giving special attention to Primary Reading and discussed the first two of the five stages in learning to read; namely, (1) the preparatory stage in which the teacher builds upon the experiences the children have had in the home and community and the background of ideas and the conversational ability they possess and (2) the three phases of the second stage, pre-primer, primer and first reader. These two stages are normally completed in the first grade. This year we are extending this emphasis on reading through the second grade and attempting to take each child at the level of reading ability which he has attained, and carry him on at his own best rate of progress.

The third stage in learning to read is a period of rapid growth in the fundamental habits of recognition of words and phrases and in the easy interpretation of meanings. This stage normally covers two years work,—that is, grades two and three. However, there are always found in the second grade some pupils who have not progressed farther than the first reader level, or even the primer level, at the beginning of the year; consequently any group of second grade children must be broken up into two or three sections corresponding to these levels of attainment.

In both the first and second grades we now report in considerable detail the progress each child is making in reading, in order that the parent may

have a more complete picture of the child's abilities and handicaps and be in a position to discuss special problems with the teacher and cooperate with her in overcoming difficulties.

In grades above the second, the teachers are making special efforts to help pupils with their reading difficulties, first by determining so far as possible the cause of their handicaps, and second by applying appropriate remedial measures through individual or group instruction and drill. Many of the factors that determine a child's success and rate of advancement in the primary grade reading still affect his progress in the later grades. The factors which are most important are those related to general health and emotional status.

Low general health is likely to retard progress in reading, prevent good memory, and even produce a dislike for reading because the effort required produces discomfort. Evidences of low general health, such as poor color, lack of energy, nervousness, restlessness, irritableness, getting tired easily, sagging posture, etc., must be remedied, if the child is to have a fair chance at learning, whether it be in the primary grades or at any later peroid in the child's school experience. Normal hearing and vision are also essential to success and we try to discover as early as possible any indication that a child does not hear distinctly and see readily and without eye strain. This is one of the important functions of the medical inspection and much good is accomplished by the nurse and school physician as well as by the family physician in discovering and correcting these physical handicaps.

A child's emotional stability plays a very important part in his success in learning. One who is still handicapped by habits of infancy, or by shyness, embarrassment and fears, or who gives way to

temper tantrums, or for any reason is tense or strained, is very likely to lose confidence in himself and develop the attitude that he cannot read; his attention wanders, poor habits of perception develop, and the result is dislike for reading and for school.

Early discovery and intelligent treatment of the factors which prevent a child from making normal progress in learning to read, is the ideal which we are striving to attain. The success we achieve in this determines the success the pupil will have, and any failure of teachers or parents in this respect reduces the pupil's chance of success.

Budget for Current Year

Having accepted a cut of approximately $2800 on the budget for the current year, we made the following adjustments in our estimates of necessary expenditures:

1. We cut the total amount for teachers' salaries by $1400, of which $700 represents increases not made, $500 changing to a part time Commercial teacher, and $200 the difference between the salary we were to pay Mr. Niles and that paid his successor, Mr. Currier.

2. We saved $275 by no longer renting outside quarters for orchestra and glee club practices. These have been held this year in various lower grade class rooms when the auditorium was occupied with a class in physical education.

3. We cut $275 from the amount we expected to spend for new equipment, $240 that we expected to spend on textbooks, and $200 on supplementary reading material, including the weekly papers in the lower grades.

4. We attempted to cut $200 from the amount set aside for repairs. However, we found an unexpectedly large amount required to replace a part of

the auditorium floor where the floor timbers had decayed because of lack of proper air space and circulation underneath. This cost $400, and the repair of damage caused by the hurricane cost a little over $100; consequently, we were unable to do any of the painting and other work that we had planned. The balance of the $2800 was made up by small cuts from six or seven other items in the budget.

The change to a part time commercial teacher appears to be successful, but there are several teachers who deserved increased salaries this year and the whole school plant is suffering from lack of much needed additional repairs and replacement of worn out equipment.

Budget for 1939-1940

The budget we are presenting calls for a total expenditure approximately $1400 less than was proposed in the original budget last year, due primarily to the fact that the amount of debt payable will be $1500 less than this year.

There will be a decrease in income however of approximately $880; $480 of this is due to the estimated decrease in the number of tuition pupils, the other $400 is the amount of decrease in the state aid allotment; the reason for this is that the $5 tax will be $400 more as the result of an increase of $80,000 in the equalized valuation, as determined by the Tax Commission.

The assessment called for this year is therefore only $520 less than the assessment called for in the original budget last year.

The largest single item in the budget is, of course, teachers' salaries. Last year we called for $18,000 but as already explained we were able to reduce that figure by $1400. The total of salaries paid for this year is $16,600. Assuming no change in the present teaching staff, we should have $700

for well deserved increases, so this item is placed in the budget at $17,300. The average salary paid to men teachers in New Hampshire, excluding headmaster, was $1918.89 last year; we have two men teachers at $1200 each. The average salaries of women teachers in high schools last year was $1418.45; the average for Wilton this year is $1225. The average salaries for women teachers for elementary schools in the state last year was $1093.77; the corresponding figure for Wilton this year is $1,000.

We have cut approximately $400 from last year's estimates for textbooks and other minor items. Insurance premiums falling due next year total $715, an increase of $315 over last year's estimate.

We have listed the major repair items that we believe should no longer be neglected, as follows:

To repair the rest of the Auditorium floor where timbers have decayed, $700.

To enclose the air ducts and build new cupboards back stage in the Auditorium, $250.00.

To paint the exterior of the main building, $300.00.

To redecorate walls and ceilings of several rooms and halls in the main building, $300.00.

To cover unforeseen items (estimate based on past experience), $450.00.

Total $2000.00.

Respectfully submitted,

VERNON S. AMES,
Superintendent.

Wilton, N. H., February 14, 1939.

REPORT OF THE SCHOOL NURSE

To the School Board and Citizens of Wilton:

I submit my annual report, 1937-1938.

Physical examinations were completed October and November, Dr. C. Elizabeth Rice, girls; Dr. John E. Powers, boys, assisted by the nurse.

Defects found with follow up corrections and treatment:

Underweight 29; under treatment 8.
Vision defects 33; glasses 31.
Eye defect 1; muscle operation, Dr. Provost.
Hearing defect, wax, 3; wax removed, 2.
Cardiac defect 12; under supervision, physician, 12.
Pulmonary suspicion 7; under supervision, physician, 6.
Deformity 4, poor posture 3; family physician and Orthopedic Clinic supervision, 4.
Defective teeth 139; without defects or corrected 183.
Defective tonsils 61, adenoids 62; corrected 31.
Defective breathing 4; under treatment 2.
Anaemia 1; under treatment 1.
Speech defect 1; advised "nothing to do."
Varicose veins 1; under treatment 1.
Athlete's foot 1; corrected 1.
Pilitis 3; under supervision 3.

Total number examined	351
Without defect	108

Clinics:

Supervision of T. B. Conacts—Suspicious Pulmonary Hilum Gland and Bronchiectasis cases, Dr. Kerr 7
X-rayed 1

Defective Vision, Clinic, Dr. Provost, Manchester, Glasses 8

Defective Eye Muscle, Operation County Hospital, Dr. Provost	1
Suspicious Hernia, County Hospital, Dr. Murphy	1
Defective Hearing, Wax removed, Dr. Provost	1
To Behavior Clinic, Nashua, Concord	2
Tonsil Clinics, County Hospital, Tonsilectomies	15
Orthopedic, long hospitalization, plastic surgery and brace, Dr. Jones at Balch Hospital Clinic	1

Red Cross Corrections:

2 pairs glasses
Clothing, two children
Tonsilectomies, two children

Carnival Fund Corrections:

3 pairs of glasses
Dental work for 1

Outstanding Data:

Grade IV has eight children wearing glasses, every vision defect in the grade is corrected—20/20.

Grade V has one uncorrected vision defect.

Two high school pupils have perfect dentures, no fillings.

Fewer absences than usual grades 1-6 this winter. One day recently a boy missing the bus spoiled 100% record for one day in grades 1-6.

We seem to have been fortunate escaping contagion from adjoining towns this year. We have had no contagious diseases since September, other than colds and grippe.

Respectfully submitted,

EDNA J. GILBERT, R. N.,
School Nurse.

HEADMASTER'S REPORT

To the Superintendent, School Board, and Citizens of Wilton:

I herewith submit my first annual report as Headmaster of Wilton High School.

The per cent of attendance in the high school was only 94.25 for the first half of this year. While considering this figure we must remember that we had more than two-hundred sessions of absence in the high school during the hurricane period. We have endeavored to stress the fact that absence from school is closely correlated with failure in school work. Students have an opportunity to make up deficient work in a special remedial period each day from 3:30 to 4:15 P. M.

School activities have been well attended this year. The senior play, directed by Mrs. F. Gladys deRheims, was a success in every way and it was a credit to the students and those who helped them. The Winter Carnival was a success and afforded valuable training for the students in planning and executing a worthwhile project. Wilton was victorious in both the senior and junior high competition. The basketball squads, under the able direction of Coach Louis Rudolph, have done exceptionally good work this year. Much credit is due them and their coach. Other extra-class activities include the Hallowe'en Ball, Dramatic Club play, Junior Prom, two operettas, baseball, school paper, one-act plays, assembly programs, Rifle Club, Hi-Y Club, French Club, Domestic Arts Club, Social Club, a Dramatic Club, and hot lunches.

Out of the twenty-six graduates of the Class of 1938, two entered New Hampshire State University; one Bates College; one Wentworth Institute; two Bay Path Institute; one Nashua Business College;

one Hesser Business College; one has entered Hospital Training, and Miss Leona Palmer is taking a post-graduate course at Wilton High School. Ten of the remaining graduates are employed or married.

I would like to congratulate the following pupils for their splendid scholarship: Dorothy Warren, Frances Doane, Avis Botsford, Caroline Woodbury, Olive Ring, Chester McGrath, William Maher, Norma Drislane, Jean Greeley, David Young, Barbara Pierce, Margaret Pittman, Harriet Cleaves, Rupert Smith, Pauline LaMarche, Cecelia Devine, Margaret Quigley, Robert Pittman, Stella Muir, Edna Glines. These pupils have earned eighty per cent or above in every subject during the first half of this year.

As I see it, public education today is between two fires. On one side it is tempted by the soft sentimentalism of the extreme Freedom Theory, and on the other side it is assailed by hard materialism. We must be able to climb from between these two opposing pressures to a new plane—the plane of a virile, practical, and dynamic idealism. The only freedom that is thinkable today is disciplined freedom. In the individual as in the race, true freedom is always a conquest, never a gift. For the motto of an educational theory, meet for the needs of a democracy in an increasingly industrialized civilization, I suggest the phrase, "Through Discipline to Freedom."

I wish to express my appreciation of the splendid support and cooperation of the pupils, teachers, members of the School Board, Superintendent and parents.

Respectfully submitted,

ROLAND E. CURRIER,

Headmaster.

Wilton, N. H., February 14, 1939.

STATISTICS FOR SCHOOL YEAR ENDING JUNE 30, 1938

Report of Trustees of Trust Funds

Five new funds for care of cemetery lots were received by the Trustees during the year, making the total number of funds for that purpose 99, with a total value including accrued interest of $12,039.19.

The sum of $224.00 was expended during the year for care of lots. The income from the various funds for the year was $229.77.

At the 1938 Town Meeting the Trustees were instructed to investigate other investments than the present source of income for the cemetery funds in order to obtain a higher rate of interest. The Trustees were unable to find any investment which could be used for the purpose. A bill which has been introduced in the present session of the State Legislature which would allow Trustees of Trust Funds to invest in shares of Building and Loan Associations may be the solution of the problem of increased income.

The receipts from the Howard and Spalding School Funds were paid to the Treasurer of the School District.

A list of Trust Funds, showing receipts and expenditures for each fund, follows.

Respectfully submitted,

W. L. STANTON,
For the Trustees.

Report of the Trust Funds for the Town of Wilton for the Year Ending January 31, 1939

Date of Creation	Trust Funds—Purpose of Creation	How Invested	Amount of Principal	Rate of Int'rest	Balance of Income on hand at Beginning of Year	Income During Year	Expended During Year	Balance of Income on Hand at End of Year
